

CASINO DIGITAL PHOTO KIOSK (please read carefully)

THIS IS AN OPEN AIR PHOTO BOOTH – NO ACTUAL BOOTH IS SUPPLIED OR NEEDED.

An open-air photo booth is a stand-alone photo kiosk, with a camera and a touchscreen that takes a picture of people.

PLEASE SEE OUR WEBSITE FOR COMPLETE DETAILS AND IMAGES at
<https://phillycasinoparties.com/philly-casino-photo-booth/>

WiFi Access is required for this to work and is the client or venue's responsibility to supply. If a username and password are required for access, please be sure to have this available upon setup.

EASY TO USE

Guests simply tap on the welcome screen once to start the process. They then have 5 seconds to strike a pose as an individual or group. Once the photo is taken, they can choose to save or do over. Next, guests can choose from six different casino overlays to enhance their image. When completely satisfied with the image, guests opt to either send the image via text or email by entering their phone number or email address. Within just a few minutes, the images are transmitted and can be downloaded or shared. A master copy is also stored in the cloud and provided via dropbox link to you within 24 hours.

How much space is needed? We generally recommend an area 4' x 4' for guests to pose.

Is there an actual booth provided? NO, this is an open air kiosk/photo booth. No booth is required or supplied by us.

Is a backdrop included? Backdrops are not included. Get creative with DIY backdrops or decor within your event space!

Do you provide props? Props are not included but can be easily and inexpensively purchased from Amazon or Oriental Trading.

Can this be used outdoors? Yes, as long as we are not shooting in to the sun, it is not too windy, and you have a strong Wifi connection present outside.

How do my guests receive their photos? Guests receive their photos by email or text.

Are all of the photos saved? No, only photos that users send are saved. If a user does not send his or her photo to an email or phone number, the photos are not saved to the event gallery.

Does it have to be plugged in? No! It runs on a rechargeable battery that can last up to 8 hours. So it can be placed anywhere there is WiFi access.

Can I print out the photos on site? No, this is a digital photo booth only. It is eco-friendly! Individuals can post their photos to their own social media – Facebook, Twitter, Instagram or they can choose their own method for downloading the photo from their device and printing.
